Acrylic Mold for Lacquered stainless steel rotating u disk

High quality acrylic printing tray with 64 Lacquered stainless steel rotating u disks. Use this to position your basketball before spray and printing process and slide into printer position. You can print any image you love on these Lacquered stainless steel rotating u disks, such as company logo, cartoon image, etc. Once software installation is complete and trays are received, a one-time calibration is required which requires INI margin alignment. Buy more print trays for a more efficient production!
