

Description:

[APEX N4060 UV Printer](#) is a professional digital printing machine.

It is suitable for printing on various materials such as glass, metal, wood, and plastic. The APEX N4060 UV printer uses a high-quality UV ink and a precision printing head to produce vibrant, durable prints.

The APEX N4060 UV printer is equipped with a DX5 printhead, which ensures high-resolution printing and excellent color reproduction.

It is available in two models: N4060 and 6090. The N4060 model is a desktop printer, while the 6090 model is a floor-standing printer. Both models offer a wide range of printing options and are easy to operate.
