Description:

NEW ARRIVAL MUTIFUNCTIONAL DTG TEXTILE PRINTER-DTG6090

- Max Print Format: 24" * 41" (60x90cm)
- Industrial Performance
- 3 Options Cloth Trays are Available
- White Ink And Color Ink At One Pass

The image shows the APEX DTG6090 multifunctional DTG textile printer. It is a large, industrial-grade machine with a white and grey color scheme. The front panel features a control panel with a small LCD screen and several buttons. The machine has a large platen area for printing on garments. The APEX logo is visible on the front and top of the machine.

The APEX-jet DTG6090 printer is made of high quality materials that have passed the strict QC inspections.

DTG6090 is a long lasting double-sheet or multi-platform garment printer, you can choose 4 plates for small T-shirts or 2 large plates for T-shirts, or 2 plates for small T-shirts with 1 plate for large t-shirts. This printer is equipped with the Epson DX5 print head, can print at high resolution, even print human faces.

The maximum platform size of this DTG T-shirt printer is 60 * 90cm. It can print CMYK and white color at the same time, it is also possible to choose Uni-direction or Bi-direction when printing the shirts.

With high quality APEX textile inks, it produces the perfect print quality on various types of garments, in particular 100% cotton t-shirts and cotton blend t-shirts, such as 80% mixed cotton. Furthermore, using the APEX pre-treatment solution, you can also use DTG6090 to print on polyester, cotton, dacron, modal, etc.

APES-JET

MUTIFUNCTIONAL

DTG TEXTILE PRINTER-DTG6090

Apex-jet DTG6090 Printer is made from high-end materials that have passed inspection.
